INDOOR LIGHTS

2026
2027

INDOOR LIGHTS

WELCOME • ÜDVÖZÖLJÜK • WILLKOMMEN

DEAR CUSTOMERS AND BUSINESS PARTNERS,

This year's catalogue is more than just a product list. It embodies everything we have stood by for 33 years: stability combined with the drive for renewal. That is why it features both our well-known, proven models and new designs that reflect today's trends.

The trends for 2026–27 clearly turn toward nature. The subtle character of grey-beige – the so-called “greige” shade – brings a new sense of balance to interiors. The depth of earthy tones, the calmness of matte surfaces, and the warmth of wooden details create an atmosphere that feels welcoming and where it is a pleasure to spend time.

In our own lighting design processes, we follow this same principle. We align openness to trends with customer feedback and practical expectations, ensuring that form, material, and functionality come together in perfect harmony.

This catalogue serves both as inspiration and as a reliable foundation, where familiar values and new directions connect naturally.

Let choosing become an experience with our latest collection!

KEDVES VÁSÁRLÓINK ÉS ÜZLETI PARTNEREINK!

Az idei katalógus több mint egy terméklista. Benne van mindaz, amihez immár 33 éve ragaszkodunk: a stabilitás és a megújulási lendület. Éppen ezért helyet kaptak benne a jól ismert, bevált modellek és a mai trendeknek megfelelő újdonságok is.

A 2026-27-es trendek határozottan a természet felé fordulnak. A grey-beige, vagyis a „grézs” árnyalat finom karaktere új egyensúlyt hoz a terekbe. A földszínek mélysége, a matt felületek nyugalma és a fa részletek melegsége olyan atmoszférát teremt, amelybe jó megérkezni, és ahol öröm időt tölteni.

A saját lámpatervezési folyamataink során is ezt az alapelvet követjük. A trendek iránti nyitottságot a vásárlói visszajelzésekkel és a praktikus elvárásokkal hangoljuk össze, hogy a forma, az anyag és a funkcionalitás tökéletes egy-ségben szülessen meg.

Ez a katalógus inspiráció és biztos alap egyszerre, ahol a megszokott értékek és az új irányok természetesen kapcsolódnak egymáshoz.

Váljon a választás élménnyé legújabb kínálatunkkal!

LIEBE KUNDINNEN UND KUNDEN, LIEBE GESCHÄFTSPARTNERINNEN UND GESCHÄFTSPARTNER,

der diesjährige Katalog ist mehr als nur eine Produktliste. Er enthält all das, wofür wir seit nunmehr 33 Jahren stehen: Stabilität und den Schwung zur Erneuerung. Deshalb finden sich darin sowohl unsere bekannten, bewährten Modelle als auch Neuheiten, die den aktuellen Trends entsprechen.

Die Trends 2026–27 wenden sich eindeutig der Natur zu. Der feine Charakter des Grey-Beige, des sogenannten „Greige“-Farbtons, bringt eine neue Balance in die Räume. Die Tiefe der Erdtöne, die Ruhe matter Oberflächen und die Wärme von Holzelementen schaffen eine Atmosphäre, in der man gerne ankommt und in der man gerne Zeit verbringt.

Auch in unseren eigenen Leuchten-Designprozessen folgen wir diesem Grundprinzip. Unsere Offenheit gegenüber Trends stimmen wir mit Kundenfeedback und praktischen Anforderungen ab, damit Form, Material und Funktionalität in perfekter Einheit entstehen.

Dieser Katalog ist zugleich Inspiration und verlässliche Grundlage – ein Ort, an dem vertraute Werte und neue Richtungen auf natürliche Weise miteinander verbunden sind.

Machen Sie die Auswahl mit unserer neuesten Kollektion zu einem Erlebnis!

Natural Balance: The Play of Tones and Textures

The meeting of light and surfaces defines the character of a space. One of the key tones of the new collection is "greige," an elegant bridge between cool grey and warm beige, providing the perfect backdrop for deeper earthy shades. Matte orange, calming green, khaki, and pure bone-white tones bring not only visual appeal but also a sense of tranquility to the interior.

Természetes egyensúly: tónusok és textúrák játéka

A fény és a felületek találkozása határozza meg egy tér karakterét. Az új kollekció egyik fő tónusa a „grézs”, amely elegáns hidat képez a hűvös szürke és a meleg bézs között, tökéletes háttérrel biztosítva a mélyebb földszíneknek. A matt narancs, a megnyugtató zöld, a khaki és a tiszta csontfehér árnyalatok nemcsak látványt, hanem nyugalmat is visznek az enteriőrbe.

Natürliche Balance: Das Spiel von Tönen und Texturen

Das Zusammenspiel von Licht und Oberflächen bestimmt den Charakter eines Raumes. Einer der Haupttöne der neuen Kollektion ist „Greige“, das eine elegante Brücke zwischen kühlem Grau und warmem Beige schlägt und den tieferen Erdtönen den perfekten Hintergrund bietet. Mattes Orange, beruhigendes Grün, Khaki und reines Elfenbeinweiß bringen nicht nur visuelle Wirkung, sondern auch Ruhe in den Raum.

Within this aesthetic unity, textured surfaces and geometric forms bring a modern rhythm to interiors, while functionality is also given a new expression. Customizable solutions – such as adjustable brightness and color temperature – merge seamlessly with the design, ensuring that technology does not dominate the space, but simply makes it more comfortable.

Ebben az esztétikai egységben a texturált felületek és a geometrikus formák modern ritmust adnak a tereknek, miközben a funkcionalitás is új köntöst kap. Az egyénre szabható megoldások, mint az állítható fényerő és színhőmérséklet, a designnal eggyé válva biztosítják, hogy a technológia ne uralja a teret, hanem „csupán” kényelmessé tegye azt.

In dieser ästhetischen Einheit verleihen strukturierte Oberflächen und geometrische Formen den Räumen einen modernen Rhythmus, während auch die Funktionalität ein neues Gewand erhält. Individuell anpassbare Lösungen – wie regulierbare Helligkeit und Farbtemperatur – verschmelzen mit dem Design und sorgen dafür, dass die Technologie den Raum nicht beherrscht, sondern ihn „lediglich“ komfortabler macht.

Breathing Design: Wood Bringing Life to Light

The commitment to natural materials reaches a new level. In Rábalux's own-designed models, wood is not merely a chosen material, but the very soul of the style. It almost breathes within the space: its organic texture and warmth create harmony between nature and the inner peace of the home.

This choice represents continuity and timeless style. Naturalness is a value that never goes out of fashion. During the design process, the aim was for the strength of wood and the purity of glass to form not simply lighting fixtures, but defining elements of interior architecture. The result is an honest and enduring aesthetic in which quality and natural presence go hand in hand.

Lélegző dizájn: a fa, amely életet visz a fénybe

A természetes alapanyagok iránti elkötelezettség új szintre emelkedik. A Rábalux saját tervezésű modelljeinél a fa nem csupán egy választott anyag, hanem a stílus lelke. A fa szinte lélegzik a térben: organikus textúrája és melegsége összhangot teremt a természet és az otthon belső békéje között.

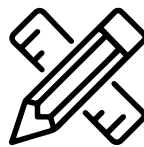

Ez a választás a folytonosságot és az időtlen stílust képviseli. A természetesség ugyanis olyan érték, amely sosem megy ki a divatból. A tervezési folyamat során a cél az volt, hogy a fa ereje és az üveg tisztasága ne csak világítótesteket, hanem meghatározó belsőépítészeti elemeket alkosson. A végeredmény egy olyan őszinte és tartós esztétika, amelyben a minőség és a természetes jelenlét kéz a kézben jár.

Atmendes Design: Holz, das dem Licht Leben verleiht

Das Bekenntnis zu natürlichen Materialien erreicht eine neue Ebene. Bei den von Rábalux selbst entworfenen Modellen ist Holz nicht nur ein gewählter Werkstoff, sondern die Seele des Stils. Das Holz scheint im Raum förmlich zu atmen: Seine organische Textur und Wärme schaffen Harmonie zwischen der Natur und der inneren Ruhe des Zuhauses.

Diese Wahl steht für Kontinuität und zeitlosen Stil. Natürlichkeit ist ein Wert, der niemals aus der Mode kommt. Im Gestaltungsprozess war es das Ziel, dass die Kraft des Holzes und die Reinheit des Glases nicht nur Leuchten, sondern prägende Elemente der Innenarchitektur schaffen. Das Ergebnis ist eine ehrliche und beständige Ästhetik, in der Qualität und natürliche Präsenz Hand in Hand gehen.

For sensor-based Lowar products the sensor is operated via a remote control. See the image for remote control usage.

Szenzoros Lowar termékek esetén a szenzor kapcsolása távirányítóval történik. A távirányító használatát lásd a képen.

Bei sensorbasierten Lowar-Produkten wird der Sensor über eine Fernbedienung gesteuert. Die Nutzung der Fernbedienung ist auf dem Bild ersichtlich.

EXTRA FEATURES • EXTRA FUNKCIÓK • EXTRA FUNKTIONEN

In the next chapter, we introduce the extra features that make using our lamps even more convenient and atmospheric. You can adjust the brightness and color temperature with a switch, touch control, remote control, or even from your phone. The RGB function allows you to create a unique ambiance, while the night mode, memory, and timer functions help tailor the lighting to your daily routine.

A következő fejezetben bemutatjuk azokat az extra funkciókat, amelyek még kényelmesebbé és hangulatosabbá teszik lámpáink használatát. Szabályozhatjuk a fényerőt és a színhőmérsékletet kapcsolóval, érintőkapcsolóval, távirányítóval vagy akár a telefonunkról is. Az RGB funkcióval egyedi hangulatot teremthetünk, míg az éjszakai, memória és időzítő funkciók segítenek a mindennapok ritmusához igazítani a világítást.

Im nächsten Kapitel stellen wir die zusätzlichen Funktionen vor, die die Nutzung unserer Lampen noch komfortabler und stimmungsvoller machen. Die Helligkeit und Farbtemperatur können per Schalter, Touch-Steuerung, Fernbedienung oder sogar über das Smartphone angepasst werden. Mit der RGB-Funktion lässt sich eine individuelle Atmosphäre schaffen, während die Nachtlicht-, Speicher- und Timer-Funktionen helfen, die Beleuchtung an den eigenen Tagesrhythmus anzupassen.

EXTRA FEATURES • EXTRA FUNKCIÓK • EXTRA FUNKTIONEN

Our SMART marked lights can be controlled via the TUYA app available on your smartphone or tablet. The app makes it simple and easy to change the colour temperature and brightness of the lamp, so that the light suits to the mood!

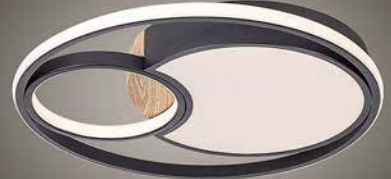

SMART jelöléssel ellátott lámpáink okos-telefonon vagy táblagépen elérhető TUYA applikáción keresztül vezérelhetők. Az alkalmazással egyszerűen és könnyedén változtatható a lámpa színhőmérséklete és fényereje, így az adott hangulathoz igazítható a lámpa fénye!

Unsere SMART-gekennzeichneten Leuchten können über die TUYA-App gesteuert werden, die auf Ihrem Smartphone oder Tablet verfügbar ist. Die App macht es einfach, die Farbtemperatur und Helligkeit der Lampe zu verändern, so dass das Licht an die Stimmung anpasst!

Colour temperature

LED lamps are available in three color temperatures: cool white, natural white, and warm white. However, if you choose a LED light source with adjustable color temperature (CCT Switch), you can modify these values according to your needs.

Lamps with adjustable color temperature are particularly practical, as they can be easily adapted to the current activity and mood. Warmer light is ideal for evening reading or relaxation, while cooler light has a more invigorating effect, making it suitable for work or tasks requiring concentration.

An important distinction is that with CCT lamps, the color temperature can be adjusted at any time, whereas with CCT Switch types, it must be set before installation.

RGB

RGB (Red-Green-Blue) lighting means that the respective lamp contains red, green and blue chips. This enables colourful mood lighting. This function offers creative and unique lighting possibilities, suitable for home decoration, events, or creating special light displays.

Dimmable

Dimmability means changing the luminosity of the lamp. Adjustable lamps help us configure lighting in our environment in a simple and aesthetic way. Regarding the control mode we differentiate two trends depending on whether the luminosity of the lamp can be adjusted gradually or continuously.

Szabályozható színhőmérséklet

A LED lámpák háromféle színhőmérséklettel érhetők el: hideg fehér, természetes fehér és meleg fehér. Ha azonban olyan LED fényforrást választunk, amely állítható színhőmérsékletű (CCT Switch), akkor ezeket az értékeket igényeink szerint módosíthatjuk.

Az állítható színhőmérsékletű lámpák különösen praktikusak, mert könnyen igazíthatók az aktuális tevékenységhez és a hangulathoz. A melegebb fény ideális például esti olvasáshoz vagy pihenéshez, míg a hidegebb fény élénkebb hatású, így jól használható munkához vagy koncentrációt igénylő feladatokhoz.

Fontos különbség, hogy a CCT-s lámpáknál a színhőmérséklet bármikor változtatható, míg a CCT Switch típusnál ezt még a felszerelés előtt be kell állítani.

RGB

RGB (Red-Green-Blue) világítás alatt azt értjük, hogy az adott lámpa vörös, zöld és kék chipet tartalmaz, melyek színes hangulatvilágítást eredményeznek. Ez a funkció kreatív és egyedi megvilágítási lehetőségeket kínál, és alkalmas lehet otthoni dekorációra, eseményekre vagy különleges fényjátékok létrehozására.

Szabályozható fényerő

A dimmelhetőség a lámpa fényerősségének változtatását jelenti. A szabályozható lámpák segítenek, hogy egyszerűen és esztétikusan tudjuk kialakítani a környezetünkben a fényt. A szabályozás módjánál megkülönböztetünk két irányt attól függően, hogy a lámpa fényereje fokozatokban vagy folyamatosan állítható.

Farbtemperatur

LED-Lampen sind in drei Farbtemperaturen erhältlich: Kaltweiß, Neutralweiß und Warmweiß. Wenn Sie jedoch eine LED-Lichtquelle mit einstellbarer Farbtemperatur (CCT Switch) wählen, können Sie diese Werte nach Ihren Bedürfnissen anpassen.

Lampen mit einstellbarer Farbtemperatur sind besonders praktisch, da sie leicht an die aktuelle Tätigkeit und Stimmung angepasst werden können. Wärmeres Licht ist ideal zum Lesen am Abend oder zur Entspannung, während kälteres Licht eine belebende Wirkung hat und sich daher gut für die Arbeit oder konzentrierte Aufgaben eignet.

Ein wichtiger Unterschied ist, dass bei CCT-Lampen die Farbtemperatur jederzeit geändert werden kann, während sie bei der CCT-Switch-Variante bereits vor der Installation eingestellt werden muss.

RGB

Unter RGB (Rot-Grün-Blau)-Beleuchtung versteht man, dass die betreffende Lampe rote, grüne und blaue Chips enthält, die zu einer bunten Stimmungsbeleuchtung führen. Diese Funktion bietet kreative und einzigartige Beleuchtungsmöglichkeiten und eignet sich für die Dekoration für Zuhause, für Veranstaltungen oder die Erstellung besonderer Lichtinszenierungen.

Lichtstärke Regler

Dimmbarkeit bedeutet die Änderung der Lichtstärke von der Lampe. Regulierbare Leuchten helfen uns, damit wir die Beleuchtung in unserem Ambiente einfach und ästhetisch gestalten können. Beim Reguliermodus unterscheiden wir zwei Trends abhängig davon, ob die Lichtstärke der Lampe in Stufen oder kontinuierlich reguliert werden kann.

IMPRINT • IMPRESSZUM • IMPRESSUM

English

Colour and pattern discrepancy are possible. We are entitled to change the pattern.
We don't bear the responsibility of the printing failure.

Magyar

Szín és minta eltérés lehetséges. A minta változtatás jogát fenntartjuk!
Az esetleges nyomdai hibákért elnézésüket kérjük és azokért felelősséget nem vállalunk.

Deutsch

Farbe und Musterunterschied ist möglich. Wir halten das Recht von Musteränderung aufrecht.
Vor die eventuellen Druckfehler bitten wir um Entschuldigung und vor die Fehler können wir die Verantwortung nicht übernehmen.

Français

Il est bien possible d'avoir quelques alternances de la coloration et du modèle. Nous soutenons notre droit aux changements de modèles.
Excusez-nous des éventuelles fautes d'imprimerie dont nous ne nous considérons pas être les responsables.

Česky

Prodejce si vyhrazuje právo průběžně modifikovat své výrobky a tedy údaje uvedené v tomto katalogu mohou být bez předchozího oznámení změněny.
Tiskové chyby vyhrazeny.

Slovensko

Obstaja možnost odstopanja pri odtenu barve izdelka. Pridržujemo si pravico do spremembe vzorca.
Ne prevzemamo odgovornosti za morebitne tiskarske napake.

Polski

Możliwe są odchylenia w kolorach i wzorach. Podtrzymujemy prawo zachowania zmiany wzoru.
Przepraszamy, a zarazem nie ponosimy odpowiedzialności za ewentualne błędy powstałe w druku.

Українська

Можлив зм ни у вз рцях та кольорах. Ми можемо зм нити вз рц на св й розсуд.
За можлив друкарськ помилки просимо вибачення та в дпов дальност не несемо.

Română

Este posibilă alternanța model/culoare. Ne reținem dreptul de a schimba modelele.
Pentru eventualele greseli de tipar, Va cerem scuze ;dar nu ne asumăm răspunderea pentru ele.

Srpski

Moguće su razlike u bojama i šarama. Zadržavamo pravo na promene šara.
Za moguće štamparske greške unapred se izvinjavamo i za njih ne primamo na sebe odgovornost.

Hrvatski

Postoji mogućnost odstupanja u nijansi boje artikla.
Ne snosimo odgovornost u slučaju pogreške u tisku.

Slovensky

Predávajúci si vyhradzuje právo priebežne modifikovať svoje výrobky a preto aj údaje uvedené v tomto katalógu,
môžu byť zmenené bez predchádzajúceho oznámenia.
Za prípadné tlačové chyby nenesieme zodpovednosť.

Български

Възможни са промени в цветовете и нюансите.
Ние не носим отговорност за печатни грешки.

Lietuvių

Galimi spalvų ir rašto netikslumai. Pasilieiname teisę keisti raštą.
Atsiprašome, bet už spausdinimo klaidas neprisiimame atsakomybės.

Latviešu

Ir iespējamas krāsas un modeļa neatbilstības. Mēs paturam tiesības mainīt modeli.
Atvainojamies, tomēr neuzņemamies atbildību par drukas kļūdām.

Eesti

Värv ja muster võib erineda. Jätame endale õiguse mustri muutmiseks.
Vabandame, kuid ei vastuta trükkivigade eest.

A modern interior space featuring large floor-to-ceiling windows on the left, offering a view of a city skyline. The room includes a bed with a brown duvet and white pillows, a bedside table with a lamp, and a potted plant. The walls are dark grey with vertical wooden slats. The floor is light-colored wood. The text 'INDOOR LIGHTS' is overlaid in a large, outlined font.
