◆ SPRING 24 ◆

KL-LUELLA-4P-BNB (shown as semi-flush) see p19

Welcome to the Spring 2024 Supplement.

Elstead Lighting are delighted to preview another 51 products for this Spring 2024 launch. The products are already in production and are due to land from April to July.

As we see the trend of tiffany style lighting increase in popularity, we have added some Art Deco inspired fittings to the collection. There is also a new family of picture lights with some new finishes including marble and oak effect shades.

For the bathroom a new family from Hinkley called Masthead which is offered in black and brass as well as chrome and black finishes. Then a mixture of modern, transitional and traditional lanterns for the great outdoors from Elstead, Hinkley and Kichler.

This supplement is in addition to the new Elstead 2024 collection that was published in November 2023, please download or request a copy from www.elsteadlighting.com
