Tiffany

Welcome to our latest Tiffany lighting catalogue. Each and every piece within the collection showcases the distinctive Tiffany mosaic style in a stunning array of differently coloured intricate stained glass designs. All are beautifully soldered together using a traditional copper foiling technique to complete the trademark Tiffany look and finish.

The designs are deeply inspired by the sleek elegance of Art Deco and the decorativeness of Art Nouveau.

We hope you enjoy selecting from this stunning range.

Only time-rich craftsmanship can create such beauty

1. Each shade starts out as an artist's drawing giving life to stunning designs capturing the spirit of authentic Tiffany lighting
2. Glass is chosen for each design and carefully cut by hand by skilful artisans
3. Each piece is ground to remove sharp edges and copper foil is wrapped around each edge

4. The selected pieces are placed onto a mould and soldered together like a beautiful intricate 3D creation
5. Once all the glass is in place, the shade is soldered again on the outside to add strength and create an attractive finish
6. The shade is then washed and dipped in a chemical bath to patinate the bright solder to a distinctive antique finish
